Judi -

I've re-read your latest note and have a couple of concerns:

It seems to me that, as a member of the committee, you shouldn't be making recommendations directly to the BOD about Pet Committee issues. Those recommendations should probably be made to the committee, to be discussed by the committee, and passed to the BOD as part of the committee's recommendation - assuming committee agreement. Please let me know whether you agree. If you don't, I'll ask that you officially resign from the committee.

If you resign from the committee, you'll continue to have a voice concerning this issue. Your positive or negative comments can still be sent to me directly or through the website. You can be assured that I'll post each and every one of them to the "OWNER COMMENTS" section of the website.

As a non-member, if you feel you know enough "residents with definite opinion"(s), you can also start a campaign on your own to revise the by-laws to allow all dogs of all sizes at all times. The by-laws are important. We either adhere to them or revise them. In my opinion, such revision would not be in the best interest of 9400, but others may disagree.

Your comment "**...when the previous owner in 1002 let her dog off leash and the dog raced into the elevator. The dog was aggressive; but Paul managed to get him out of the elevator and proceed to the lobby.**" reinforces the idea that there is a problem at 9400 - even thought that particular dog is probably no longer in residence.

Please let me know whether you intend to continue as a member of the committee.

JR
