John, When all of this started I felt your pain as I would be heartbroken if anything happened to my 2 wonderful dogs. This committee wasn't formed to amend the by-laws, but to rid the 9400 Building of all medium and large breed dogs. I agree with Margo, and I will also fight tooth and nail to be able to keep dogs of any size in our building. It seems as if you disregarded all of our comments and went with what you originally set out to do, blame all large dogs for what happened to your perfect pet. I no longer want to be involved in this dog fight.

Hello, Pet Committee Member.

After some discussion with Margot, I've made a couple of small changes in the recommendation to the BOD. Please review and let me know whether you support the recommendation as is, propose some changes, or reject the proposal. For your information:

The Beruls have given tentative approval to the original document.
Roth supports the original and currently revised document.
Margot has declined to participate in the recommendation and has offered her own opinion to the BOD.
Judi offered her own recommendation to the BOD and resigned from the committee.
Luann hasn't commented on the recommendation.

It's time to submit your final comments, if any, so we can close this project prior to the end of the month. Please let me hear from you no later than Oct 27.

Thank you.

JR
