Most of the time the editorializing of owners' comments has not bothered me. In fact I have appreciated all the work you have put into this and your gift of organization. But this time Mrs. Berul'e "sounds reasonable" could mean quite alot. There is no way to know that it means "Contacting our attorney seems reasonable," as you editorialized on the website.

We have so many house rules to go over like where our 4-legged friends are allowed to roam at the condo, tagging, condo owners' responsibility, etc. Are all these house rules and regulation issues that are so important going to be delayed while we run to the attorney with every little thing?
